

Financial Aid Information

The sliding fee scale is based on household income and the number of children in a household.

To request these reduced rates; please complete the scholarship portion of the registration form. We no longer require an extra form to be completed.

A minimum of \$50 deposit is required at the time of registration.

You must send in proof of income with your registration to qualify. Applications will not be processed until proof of income is received.

Scholarships (Financial Aid) will be awarded as long as funds are available.

Actual awards will be applied to your account when your registration is processed and will be noted on the registration confirmation you receive in the mail.

Awards are given for one camp only.

Funds may be limited as summer camp approaches.

You will be notified by phone if there are no funds available and your deposit will be refunded, if you wish.

For example:

A family has a Gross Household Income of \$32,000 annually. They have two children and would like to send both of them to camp, one to Day Camp and one to Regular Camp. So, using the sliding scale below, the cost for the Day Camp would be \$70 and the cost for the Regular Camp would be \$130.
